Business Navigator

Are you an entrepreneur with goals and aspirations, but do not have the team of peers around you with whom you can share, debate, or confirm a goal and then hold you accountable?

You are not alone! Think Business Advisors is your strategic advisor for helping you accomplish all your objectives and challenges. With our small business accountability package we call Think | Business Navigator, we help you identify and prioritize your immediate and future goals. Then, we help you stay focused and aligned so that your business and you succeed.

The Business Navigator service is designed to provide business owners and leaders with the same level of advisory services and experience offered to large corporations, but customized for the needs of small business.

For a fixed monthly fee, we provide:

- Monthly Accountability meetings with one-on-one coaching from a seasoned advisor
- Email/phone support for daily business issues
- Think | Tool Kit
- Monthly Entrepreneur Roundtable
- Quick Assessment Results – periodic Think | Quick Assessment of your business
- Access to Think Business Advisors partners, resources & network for getting those special projects done!

You have a lot to manage. Think Business Advisors can help. Think has a proven track record of providing customized solutions that help business owners create, grow, and revitalize their business.

Call us today to arrange a no pressure, no cost, no obligation introduction.
